SHOWING OFF (AUSTRALIA) PTY LTD

Under Instructions from Showing Off (Australia) Pty Ltd

Showing Off Australia has built the new vehicle 'Sale Spinner' display unit and it is a great way to showcase that new model vehicle that you are wanting to feature in your sale yard. Not only does it hold motor vehicles but it can also display machinery, caravans and the list goes on.

The 'Sale Spinner' unit allows dealerships to place a vehicle in an elevated, eye catching position metres from ground level, much higher than all the other stock on display. The vehicle is then continuously rotating 360 degrees allowing buyers to see all features.
